This is a detailed land use map of Northumberland Borough. The map is color-coded to show different types of land use. A legend in the bottom right corner defines the colors: yellow for Residential, orange for Residential/Mobile Home, light yellow for Residential Garage/Storage, pale yellow for Residential Vacant, red for Commercial, blue for Civic (Government, Institutional, Religious), cyan for Infrastructure, purple for Industrial, light green for Open Space (Parks, Conservation Land), dark green for Agriculture, patterned green for Agriculture/Animal Production, and dark green for Woodland. The map shows a grid of streets including 7th St, 5th St, Front St, Hanover St, King St, 2nd St, Duke St, Water St, and Bridge Ave. The Susquehanna River is shown on the right, with the West Branch Susquehanna River on the left. Shikellamy State Park is located in the bottom left. A dashed line indicates the border with Point Township. The map also shows the location of the West Branch Susquehanna River and the Shikellamy State Park.
